Help Us Shape Social Care

March 2026

Care England would like to know your experience of using NHS and social care services in England.

We would also like to know if you feel your local council support you well with your care needs.

What you tell us is private, we will not share it with the council, NHS or social care providers.

Your views will help us talk to the Government and make changes for the future.

Please tell us what part of England you are from?
